

# STARR

## **AVP Underwriter – Property Reinsurance**

Starr is the marketing name for the investment business of C. V. Starr & Co., Inc. and the insurance and travel assistance companies of Starr International Company, Inc., and their subsidiaries. Starr is a leading global investment and insurance organization with a presence on six continents. Through its operating insurance companies, Starr provides property, casualty, and accident and health insurance products, as well as a range of specialty coverages, including aviation, marine, energy, and excess casualty insurance.

The AVP Underwriter – Property Reinsurance is accountable for the day to day underwriting execution, portfolio performance, and service delivery of the Bermuda Property Reinsurance portfolio. The role operates within the underwriting strategy, risk appetite, underwriting guidelines, and delegated authorities set by senior underwriting leadership, ensuring profitable growth, strong governance, and disciplined risk selection across market cycles.

### **Primary Responsibilities:**

- Execute Property Reinsurance underwriting in line with approved appetite, guidelines, and delegated authorities.
- Manage day to day portfolio performance, including pricing adequacy, structure, limits, and risk selection, ensuring individual decisions contribute positively to overall portfolio outcomes.
- Assess risks for technical acceptability and pricing adequacy.
- Apply sound underwriting judgement to coverage terms, limits, deductibles, and conditions, identifying risks that are mispriced, structurally inefficient, or misaligned with portfolio objectives.
- Escalate non standard, higher risk, out of authority, or aggregation sensitive risks in line with governance requirements.
- Act as a mandatory escalation point within the Property Reinsurance underwriting framework.
- Monitor exposure and aggregation within the Property Reinsurance portfolio, escalating emerging concerns and supporting portfolio steering discussions as required.
- Maintain strong broker and counterparty relationships, delivering consistent, high quality underwriting service aligned with agreed market positioning and service standards.

### **Minimum Qualifications & Experience:**

- Strong technical capability in property reinsurance underwriting, including assessment of attachment points, limits, structures, and capital efficiency with at minimum 5 years experience in a similar Property Reinsurance underwriting role.
- Ability to evaluate risk return trade offs, portfolio diversification, and capital sensitivity within a reinsurance context.
- Ability to clearly articulate underwriting rationale, escalation issues, and portfolio considerations, with high standards of integrity and conduct.
- Proven history of sound, independent underwriting judgement.
- Proven history of building strong client relationships with the ability to engage credibly with brokers and reinsurance counterparties while maintaining underwriting discipline.
