

Meteorological Forecasters

BAS-Serco Ltd., a Bermudian joint venture company offering facilities management and general outsourcing services, is seeking an intelligent, motivated individual who is a certified Meteorological Forecaster, to join the Bermuda Weather Service. The successful applicant will join our team of dedicated professionals, monitoring the weather, producing forecasts and warnings for aviation, marine interests and the general public.

The successful **Meteorological Forecaster** candidate will:

- Be a qualified Meteorologist, holding a recognized Bachelor of Science degree in Mathematics or Science (ideally Meteorology), and certified as having completed aeronautical forecaster training, approved by the World Meteorological Organization
- have three years' worth of forecasting experience in an operational environment;
- be willing to attend in-house and overseas training courses;
- be willing to work shifts, weekends & public holidays;
- demonstrate excellent presentation skills including a high degree of oral and written expression;
- have a strong sense of loyalty, team spirit, and high degree of commitment
- be able to deal comfortably with clients at all levels, including the general public, the media, police and emergency services.

Experience working in the Bermuda Weather Service would be a desirable asset. In return, the company offers an attractive salary and benefits package. If you are interested in a position, please send a résumé, under a
