

Chartis Bermuda Limited

Invites applications for the position of:

Enterprise Risk Management Actuary

Chartis Bermuda Limited is a Bermuda-based insurance management and management services company, which provides services and resources to Chartis' Bermuda operations and affiliates around the world.

Chartis Bermuda Limited has significant operations in Bermuda which include companies which operate as both reinsurers and holding companies. The Enterprise Risk Management Actuary will be a key member of the ERM team within the Chartis Bermuda Limited Managed Companies (the "Company"). The successful candidate will command exceptional analytic ability, complemented by strong interpersonal skills, drive and demonstrated practical application of skills in the property & casualty (re) insurance industry. The role will encompass a broad spectrum of risk management functions and draw on the technical core competencies of the actuarial profession.

Duties and Responsibilities:

- Execute processes for identifying, measuring, mitigating and monitoring operational, underwriting, market, liquidity, credit/counterparty, and strategic/business risks
- Work directly with Chief Risk Officer (CRO) and others within the Chartis ERM organization on various aspects of ERM implementation, such as:
 - Quantify and explain appropriate risk metrics for assumed business, including risk adjusted profitability measures
 - Drive ongoing developments of the suite of ERM tools & techniques, including Risk Registers and Scenario Analysis
 - Develop risk tolerance limits within the Risk Appetite Framework
- Prepare material for communication with internal and external stakeholders, including the BMA Risk Based Regulatory Filings
- Provide analytics for risk-return optimization underlying the terms of acceptance for underwriting risks
- Provide actuarial support, including ALM & valuation review
- Other duties arising as the business model evolves

Qualifications and Experience:

- University degree (Bachelors or Masters) in an actuarial or business/finance discipline
- Professional qualifications: FCAS or ACAS/CERA or comparable accredited designation
- Minimum of 7 years relevant experience is required
- Demonstrated success in the actuarial & risk management fields including strong technical knowledge of property & casualty lines of business
- Familiarity of risk based regulatory regimes (BMA a/o EU SII) and related capital measures
- Self starter who strives for excellence and communicates with confidence, conviction and diplomacy
- Exceptional problem solving and interpersonal skills, ability to adapt in a dynamic environment
- Ability to organize and coordinate inputs from many sources while managing tight deadlines and priorities

A detailed résumé should be sent in confidence to:

**Human Resources Generalist
Chartis Bermuda Limited
P.O. Box HM 152, Hamilton HMAX
