

Our client - Timber Capital - invites applications for the position of

Senior Accountant for Investment Manager

Timber capital Limited is the Investment Manager to The Forest Company, a closed-end global investor in sustainable forests. The company was established in 2007 and is providing strong returns to its investors, benefiting from stable and attractive returns through participating in the value chain of competitive and sustainable industries. On behalf of The Forest Company, Timber capital Limited has successfully completed three rounds of fundraising through private means and is in the process of preparing further fund raising through various means. Investments have been made in long term, uncorrelated opportunities in Brazil and Colombia. The company has operations in Brazil, Columbia, Guernsey and Bermuda.

Due to ongoing growth, the company is looking to recruit a Senior Accountant. Reporting to the Chief Financial Officer, this is a new, multi – faceted role that will provide the selected candidate with the opportunity to work with all aspects of investment management. The core responsibilities will include establishing accounting policies and the control of a number of investment vehicles, as well as that of the investment manager. The Senior Accountant will play an integral role in all of the company's financial and accounting operations, including managing the year – end audit process; and consolidating company

accounts. Execution of the above tasks will require the post-holder to visit a number of locations where the companies conduct business. It is essential that the successful candidate has IFRS experience.

Qualifications, skills and experience:

The role could be suited to candidates from a range of industry sectors and backgrounds, including investment management, re/insurance, financial services and public accounting, as on-going training and development will be provided by the Company.

- The role requires a qualified accountant or CFA holder or equivalent, with at least 3 - 5 years relevant experience in roles with similar responsibilities;
- A proven track record of meeting targets and delivering objectives;
- Knowledge of IFRS and accounting standards will be required;
- Experience of consolidating company accounts, basic company accounting and accounting for subsidiaries;
- Knowledge and practical understanding of investment principles and investment products;
- Knowledge and practical experience with real assets or operating companies would be desirable.

- Strong communication skills, capable of interacting effectively with colleagues and service providers in other jurisdictions; and
- A strong, client-focused work ethic, with the desire to operate and thrive in a small-team environment.

The client is very keen to attract a Bermudian or Bermudian-status candidate into the position and actively welcomes applications.

This is an excellent opportunity to develop your career with an Investment Manager and to benefit from the excellent opportunities and experiences that are on offer.

To apply, please send a CV and covering letter outlining how your experience fits the requirements of the role to:
