

Royal Palms Hotel

LIVE-IN HEAD OF MAINTENANCE

The Royal Palms Hotel is a small boutique hotel that is seeking a hardworking hands-on individual who is willing to commit to the expectations and values of our company.

This position requires a broad range of maintenance skills and trouble-shooting ability in the maintenance of a small but complex hotel. The property totaling 32 rooms and staff accommodation comprises of two 19th century manor houses and associated buildings which must be maintained to the highest industry standards. Competence in carpentry, masonry, plumbing, electrical and painting is a must as these skills are used on a daily basis.

This is a hands-on position and the successful candidate will take lead responsibility for all repairs plus maintenance of the swimming pool, security around the hotel and other associated properties. You will schedule and perform preventative maintenance in all areas and at all levels of the hotel from the water tank to the roof.

Accordingly, you must display good time management, have basic supervisory skills, and be an effective communicator. You must be physically fit as you will be required to assist with movement of luggage and other labor intensive duties.

This position requires previous experience and references from a similar post. The applicant is required to live on property and single accommodation is provided. We have a 5 day workweek, which includes evenings, overnight coverage, weekends, public holidays, and participation in the 'on call' rota.

Royal Palms Hotel is a drug free workplace.

Suitable applicants should apply in writing to:
