Endurance invites applicants for the position of:

## **Vice President International Property Catastrophe Reinsurance**

- The successful candidate will have experience in underwriting, pricing, marketing and managing of both, excess of loss and pro-rata property reinsurance treaties, with a particular emphasis on Japan, China, Australia and New Zealand property catastrophe business. In addition, this candidate must have strong relationships with UK, European and other regional and worldwide brokers and clients. This position will involve transaction work with Endurance's International Property Catastrophe team in Bermuda. The successful candidate will also be responsible for assisting in the further development of Endurance's reputation as a first tier, world class property catastrophe market.

### **Duties and responsibilities include:**

- Develop International property cat portfolio with goals of maximizing expected profitability and risk-adjusted return on capital
- Manage existing relationships with clients and brokers while also developing new business opportunities
- Coordination of underwriting process
- Evaluating and prioritizing submissions
- Individual account risk analysis
- Pricing including interaction with risk analysts and actuaries
- Contract negotiation
- Actively participate in development of underwriting strategies
- Routinely perform market analyses to identify market inefficiencies and develop strategies and products

### **Required Skills/Qualifications:**

- University graduate with a bachelor's degree in mathematics, finance, economics and/or business preferred.
- Minimum of 10 years of Japan, China, Australia, New Zealand, other Asian Pacific countries or European property treaty underwriting or broking experience
- Completion of advanced degree or CFA, ACII, CPCU and/or Associate in Reinsurance designations preferred
- Strong working knowledge of Property Catastrophe, Property Per Risk and alternative reinsurance structures
- Excellent relationships with clients and brokers in the regions mentioned above
- Thorough familiarity with all major property catastrophe modeling tools
- Strong communication skills and proficiency in Microsoft Office products
- Willingness to travel and have flexibility with respect to work schedule
