Provide creative development and design services to clients and The Royal Gazette Ltd.

### Essential Duties

- Experienced at creating great creative, typographic, icon & web banner design which are highly original and applicable to print and online.
- Stay current with design trends and constantly update skills and capabilities associated with design software and online technology.
- Perform a variety of other duties as required.
- Have a sense of personal pride and satisfaction in producing quality work.
- Participate in brainstorming sessions.
- Keep up to date on creative trends.
- Must be comfortable interacting with upper management.
- Complete a high volume of work quickly, while maintaining quality.
- Must be able to resolve various issues independently in a timely and diplomatic fashion.
- Organize work priorities and follow traffic's direction.
- Contribute to status meeting.
- Assist other designers when needed.
- Provide creative and design support.

### Skill & Education Requirements

- Must have a Bachelor's Degree or higher in Graphic Design and Digital Media Design. Additional related visual art degree is a plus.
- Must have a minimum of 5+ years of solid experience in digital media design & functionality and Graphic Design experience.
- Working knowledge and familiarity with pre-press and printing processes.
- Strong strategic, creative and conceptual abilities.
- Well-rounded understanding of graphic design, information architecture, usability, web technologies & interactivity guidelines.
- Widget design experience a plus.
- Ability to work on multiple projects simultaneously.
- Strong verbal and written communication skills.
- Thorough knowledge of desktop publishing, web, mobile and other digital channels and be fully conversant with the industry's standards.
- The ability to create, design and layout newspaper advertisements, sections and tabloids; commercial publications, provide graphic support for editorial needs and to other graphic designers within the company.
- Working knowledge of various OS and web browsers.
- Maintain and develop web, mobile and other digital media.
- Thorough knowledge of HTML5, XHTML, JQuery, Javascript, ASP.Net, PHP, and Joomla
- Complete knowledge of PCs and MACs and be able to efficiently work with Quark XPress, CS5 Web & Production Suite, and MS Office applications. Proficiency using CorelDRAW would be an asset.
- A pleasant attitude and the ability to work well with others
- Be willing to work long hours, public holidays and weekends if the need arises
- The successful applicant may be assigned to any of the Company's publications and electronic media.

We offer a competitive salary and benefit package.
