

RAYCLAN LIMITED

Requires a QUALIFIED AUTO BODY TECHNICIAN / ESTIMATOR

With extensive experience in the auto body and vehicle painting industry required for our busy auto body and paint departments. The successful applicant must have the following:

- A minimum of 10 years continual, practical working experience in auto body in a garage setting
- Experience in using chassis alignment and plastic welding equipment
- Experience in collision estimating for paint and auto body jobs
- Ability to provide accurate written estimates for insurance claims in co-operation with the mechanical and paint departments
- Initiate ordering of parts and paint required by the body and paint departments through internal and outside sources
- A City & Guilds or equivalent certification
- Ability to run the paint and auto body departments during the absences of the Workshop controller and at any time required to do so
- Ability to work well with others and supervise apprentices
- Experience in managing material resources purchased for paint and/or auto body departments

This is a key position and as such requires a self motivated individual who can work without supervision, including overtime when required to meet deadlines and work load.

This position is advertised for a work permit renewal.

Please apply in strict confidence with resume and references by April 20, 2012 to:
