

## Tokio Millennium Re Ltd.

### requires a Support Analyst

**TOKIO MARINE**  
**T M R**

**Tokio Millennium Re Ltd.** is a subsidiary of Tokio Marine and Nichido Fire Insurance Company Limited, Japan's oldest and largest non-life insurance company, and is engaged in property & casualty reinsurance and in market solutions.

The company is seeking to employ a professional Support Analyst to assist the Analysis Unit.

#### **Duties and responsibilities will include but are not limited to:**

- Evaluate submission data for use in catastrophe models
- Assess the quality and interpretation of (re)insurance data
- Analyze (re)insurance data using catastrophe modeling software (RMS/AIR/EQE) and DFA software
- Develop and implement methodologies to achieve results generated by catastrophe models that form a more accurate view of the risk

#### **Skills and experience:**

- A university degree in a relevant field such as Economics, Engineering, Mathematics, Meteorology, Computer Science, or Physics
- A minimum of 1 to 2 years relevant modeling experience, with knowledge and ability to evaluate and analyze property and/or casualty data
- Demonstrated proficiency in core concepts required to obtain an internationally recognized insurance/reinsurance qualification such as CCRA
- Proven experience with and ability to organize and prioritize demanding tasks under a demanding workflow environment
- Strong interpersonal/communication skills and experience working in a collaborative environment
- Ability and willingness for continued professional growth and understanding of reinsurance underwriting risk management
- Strong computer skills with thorough knowledge of advanced catastrophe modeling and analytical software
- Strong work ethic, commitment to meet deadlines and ability to work on weekends and/or holidays when necessary
