

Our client - Platinum Underwriters Bermuda, Ltd. – invites applications for the position of:

# *Chief Risk Officer*

Our client, Platinum Underwriters Bermuda, Ltd. is a leading provider of property, casualty and finite risk reinsurance coverage, through reinsurance intermediaries, to a diverse clientele on a worldwide basis. Platinum operates through its principal subsidiaries in Bermuda and the United States.

Reporting to the CEO, this is a multi-faceted role that will enable the Chief Risk Officer to play a meaningful and involved role in all areas of Platinum's business activity, with a core focus on managing catastrophe risks.

**Key responsibilities will include, but not be limited to:**

- Catastrophe modelling assessment and selection, including reviewing available models and developing new models;
- Development and implementation of catastrophe modelling assumptions, pricing variables, model weightings, portfolio optimization and non modelled lines exposure management;
- Risk management of both the US and International portfolios: PML and aggregate reporting;

- Ensuring that internal controls and risk mitigation strategies are in place and regularly tested;
- Developing a close working knowledge of the company's ECM and ERM models, providing analysis and related reporting to assist Executive Management;
- Risk reporting at Board level; and
- BMA reporting, ensuring that the Bermuda risk management function address the requirements stipulated by the Bermuda Monetary Authority under its Solvency 11 equivalence initiatives.

**Qualifications and Experience:**

- Minimum of 10 years experience in an actuarial, or risk management role within the property catastrophe reinsurance sector;
- Extensive knowledge in property reinsurance and Bermuda market experience will be essential;
- Strong technical and analytical skills including experience using quantitative risk models;

- Experience in implementing ERM strategies and catastrophe risk modelling assessment;
- Proficiency with the major risk models (AIR, EQE, RMS) and capital based models; and
- Strong communication and reporting skills, capable of interacting effectively at senior levels across the organisation.
