

Requires: Foreman/Senior Mason

This is a working management position. The following are requirements for all applicants:

- Must be trained in all aspects of masonry, including placing of concrete, block laying, plastering, slating roofs and tiling
- Proven effective leadership skills and ability to competently communicate with management, sub-contractors and field staff alike.
- Coordination of staff, material vendors, equipment and sub-contractors for the purposes of efficient and timely completion of multiple construction projects.
- Monitoring and improving efficiency of all work being carried out on sites.
- Ability to interpret plans and extract information for accurate site layout and material calculations.
- Have a good working knowledge of Bermuda Building Codes, masonry, tiling, masonry finishes, carpentry, roofing, formwork, finished carpentry installations; electrical, plumbing and air conditioning rough-in and finish installation.
- At least 10 years of recent, relevant employment in the industry required. Must be highly motivated, capable of working on own initiative, and willing to work overtime, weekends, and holidays as necessary to meet deadlines.
- It is imperative that applicants have their own transportation and be able to travel to and work in all areas of the island.
- Drug-free and a clean criminal record
