

SENIOR FIRE SYSTEMS AND SECURITY SPECIALIST

Bermuda Energy Services Company Limited (BESCO) requires a highly qualified senior fire alarm and security systems specialist to provide a broad spectrum of technical services to a wide variety of commercial and industrial fire and security systems customers.

BESCO is the Bermuda distributor for Honeywell fire and security systems and for Fireaway Stat-X aerosol gas suppression systems.

The successful candidate will have a minimum of ten years experience in the installation, programming and commissioning of fire alarm, fire suppression and security systems for commercial and industrial applications. Particular experience in large industrial and commercial environments is preferred.

The position requires strong written and verbal communication skills. The successful candidate must be a qualified journeyman electrician and hold a NICET level 4 or equivalent certificate in fire alarm system competency. A complete and thorough demonstrable understanding of both the National Electric Code and NFPA 72 is required.

Particular experience with Honeywell XLS1000, XLS3000 and Enterprise Building Integrator products is required.

Strong computer skills with particular experience using Visio, ACAD and MS Office programs are also necessary. The successful candidate must be willing to work extended hours, nights, weekends and holidays, or as required on a service basis.

Remuneration will be competitive with industry standards and commensurate with qualifications and experience. An attractive health and benefits plan will be provided.

Persons should apply in writing enclosing full details of qualifications and experience to:
