

Our client - Platinum Underwriters Bermuda, Ltd. – invites applications for the position of:  
***Vice President – Underwriter***

Our client... Platinum Underwriters Bermuda, Ltd. is a leading provider of property, casualty and finite risk reinsurance coverage, through reinsurance intermediaries, to a diverse clientele on a worldwide basis. Platinum operates through its principal subsidiaries in Bermuda and the United States.

Platinum is looking to hire an experienced Underwriter to join the North American underwriting team, who will be involved in the development and maintenance of an existing portfolio of profitable North American catastrophe treaties. Additionally the individual will be involved in the purchasing of retrocessional protection. Working in a talented, team-oriented underwriting environment, this is an excellent career opportunity, requiring a combination of analytical, strong marketing and communication skills.

**Key roles and responsibilities will include, but not limited to:**

- Review and communicate with brokers on active submissions, developing pricing; recommendations in collaboration with the actuarial and catastrophe modeling team, and engaging in negotiation of treaty terms and conditions;

- Be the primary contact for submissions and lead the submission review and analysis process;
- Communicate underwriting decisions to brokers and actively participate in negotiations;
- Develop and recommend portfolio management and pricing selections;
- Actively contribute to client and broker meetings;
- Assist in the administration and management reporting of the portfolio;
- Act as a mentor to junior underwriting staff;

**Required skills & qualifications:**

- Educated to Bachelors degree level; an advanced degree and ACII or CPCU designation would be preferred;
- Minimum of 10 years experience of managing a book of reinsurance treaties; applicants with North American and / or international treaty underwriting, actuarial or broking experience will be considered;
- Strong marketing, negotiation, communication and presentation skills;
- Proficient in the use of, and application of AIR and RMS catastrophe models;

- Strong reinsurance broker contacts and client contacts;
- Strong knowledge and understanding of the retrocessional market and participants.
- A statistical and analytical background, capable of understanding actuarial concepts will be required.

**Please forward a detailed resume in confidence to:**
