BERMUDA LAND DEVELOPMENT COMPANY, LTD.

MECHANICAL MAINTENANCE – PLUMBING - TECHNICIAN

The Facilities & Plant Operations Department of the Bermuda Land Development Company Limited (BLDC) requires a mature, highly motivated, and responsible individual with good interpersonal skills to join its Facilities Team. BLDC is committed to customer service excellence and we require someone who is customer focused and a team player.

The successful applicant will be responsible for troubleshooting, routine, preventative and corrective maintenance of the Water and Sewage Distribution Systems and Reverse Osmosis Plants at Southside, including meter reading, daily water testing and recording, repairs and maintenance of piping and plumbing fixtures, data logging, fault diagnosis and reporting, and have the ability to understand and interpret plans.

Under the direction of the Supervisor, Building Environment, applicants must possess strong problem solving and critical thinking skills and the ability to complete work orders. A valid driver's license is a must. The role requires the post holder to work two hours on Saturdays and Sundays every other month. In the case of emergencies after hours, on weekends or public holidays the post holder may be called out.

City & Guilds plumbing certificate is required and applicants will be required to meet the Bermuda National Training Board, NCCER standards for the plumbing trade, and possess at least 10 years relevant work experience.

Kindly complete an application form, available at BLDC HQ or request an application via email gbean@bldc.com. Submit completed application, together with copies of two recent professional/work references and certifications to the:

Bermuda Land Development Company Limited
Triton House
1 Longfield Road
St. George's DD 03
Or email dlevine@bldc.com
Closing Date: July 12, 2012

First preference will be given to suitably qualified Bermudians or spouses of Bermudians
