

GCCL

VP & IT OPERATIONS MANAGER

Global Custody & Clearing Limited is one of Bermuda's leading independent financial services firms. We offer global investment strategies to qualified private and institutional clientele from our Bermuda and Bahamas offices.

The individual we are looking for to act as a VP & IT Operations Manager will possess the following qualifications:

- 4-6 years of Unix experience, preferably AIX or Solaris
- Extensive knowledge of the investment industry and banking
- Detailed knowledge of Informix databases & UPTIX investment management software and reconciliation software, such as Smartstream
- Previous experience with systems integration and "straight through processing" with a proven track record of developing and implementing complete solutions including budgetary control and managing of outsourced development
- Detailed knowledge of SS&C's Portfolio Management System "CAMRA" with interfacing to Bloomberg Gateway and crystal report writing.
- IT 'best practice' experience (such as ITIL/COBIT) would be advantageous

If you are interested in this position, please bring or email your resume by Jul 18, 2012. Applications received after this date will not be considered. Send to:
