

Meteorological Forecaster and Deputy Director (Meteorologist)

BAS-Serco Ltd., a Bermudian joint venture company offering facilities management and general outsourcing services, is seeking intelligent, motivated individuals who are certified Meteorological Forecasters, to join the Bermuda Weather Service (BWS) in operational and management roles.

The successful **Meteorological Forecaster** candidate will:

- be a qualified Meteorologist, holding a recognized Bachelor of Science degree in Mathematics or Science (ideally Meteorology) and have three years forecasting experience in an operational environment
- certified as having completed aeronautical forecaster training, approved by the World Meteorological Organization
- be willing to attend in-house and overseas training courses;
- be willing to work shifts, weekends & public holidays;
- demonstrate excellent presentation skills including a high degree of oral and written expression;
- have a strong sense of loyalty, team spirit, and high degree of commitment
- be able to deal comfortably with clients at all levels, including the general public, the media, police and emergency services.

The successful applicant will join our team of dedicated professionals, monitoring the weather, producing forecasts and warnings for aviation, marine interests and the general public. Experience within the Bermuda Weather Service would be a desirable asset.

The successful **Deputy Director (Meteorologist)** candidate will:

- Fulfill all the requirements of a Meteorological Forecaster listed above, including ability to work operational shifts
- have 5 years' recent forecasting experience within BWS
- demonstrate aptitude in management of the shift-working operation of meteorologists and meteorological technicians
- demonstrate a capability to act on behalf of the Director, in their absence

The successful applicant will join our team of dedicated professionals, assisting the Director in the oversight of all operations in the Bermuda Weather Service, for the safety of aviation, marine and public concerns.

In return, the company offers an attractive salary and benefits package. If you are interested in a position, please send a résumé, under a covering letter highlighting how you match our criteria,
