

CHARTIS

Invites applications for the position of:

SENIOR VICE PRESIDENT PRODUCT LINE MANAGER

Chartis Excess Limited, an Irish domiciled and regulated entity operating in Bermuda through a branch structure, is a part of the Chartis Insurance group of property/casualty insurance companies, which stretches over 80 countries.

The member companies of Chartis group typically hold among the highest ratings from the industry's principal rating agencies. Chartis Excess Limited's mission is to be a worldwide leader in catastrophic risk transfer liability products to a wide range of multinational insurance clients.

The candidate will be responsible for the development, implementation and evaluation of underwriting strategies and guidelines for the excess casualty portfolio of the division, as well as having accountability for the financial results of the portfolio.

Duties and Responsibilities:

- Oversee the global Cat Excess Liability Excess Casualty portfolio, including management of the portfolio to ensure profitability
- Establish and implement underwriting guidelines and product line strategies, including class of business, rate, form and terms and conditions to ensure consistent underwriting for all accounts
- Manage aggregation of gross and net limits and ensure adherence to management of Chartis limits as directed by Chartis Global Chief Underwriting Officer
- Liaise with other Chartis Product Line Managers and ensure Cat Excess underwriting guidelines are consistent with those prescribed by the Chartis Global Chief Underwriting Officer
- Delegate underwriting authority to field staff based on ability and experience
- Direct URD in audit process
- Assist/support in placement of reinsurance
- Collaborate with the head of Lexington Casualty and regional Chartis branch management for the division in relation to operations, management and talent development of excess casualty staff

Qualifications and Experience:

- Broad based global insurance industry experience including overseas markets
- Strong underwriting background
- Minimum of 10 years of underwriting operational management experience in Primary Casualty and/or Excess Casualty preferred
- University degree preferably in Risk Management or similar field
- Technical training in Risk Management and Insurance, and an ACII or CPCU designation preferred
- Analytical and quantitative skills
- Strong understanding of ISO forms, Bermuda Market Forms and manuscript wording
- Proficient computer software skills
