

ELECTRONICS REPAIR TECHNICIAN

M&M International, Bermuda's leader in consumer electronics sales and service, is seeking a reliable and diligent Electronics Repair Technician to join our service department.

Typical duties include, but are not limited to:

- Disassemble and evaluate electronics to be cleaned / serviced / repaired
- Test, clean, restore, and re-assemble electronics to pre-loss condition
- Communicate clearly with the customer
- Complete work order reports based on work performed

Requirements

- 3+ years' experience in consumer electronic/appliance/TV repair
- Trade school or college training preferred
- Able to read and interpret electrical/mechanical diagrams and schematics
- Perform repairs down to a component level, including PCB repair
- Exceptional verbal and written communication skills
- Customer service ability -- providing "high touch" service to our clients
- Great attention to detail and accuracy
- Computer literacy
- Must exhibit a professional, neat, and clean appearance
- Strengths in multi-tasking and prioritizing
- Ability to lift up to 75 pounds

Interested persons should apply with a detailed resume via email to mminternational@ibl.bm. Submissions in writing may be made to the attention of the:
