Senior Claims Analyst

Our client, Montpelier Group, provides customized, innovative, and timely reinsurance and insurance solutions to the global market. The Senior Claims Analyst role reports into the AVP, Assistant Claims Manager and is a newly created role in the company.

Key Responsibilities:

- Analyze, evaluate and adjust property and casualty reinsurance and insurance claims in accordance with contract wording
- Ability to review contracts to confirm essential elements for coverage with respect to claims received on all lines of business written and communicate and correspond with cedents' brokers and legal counsel on coverage issues
- Inform claims management of large loss movements and the potential for future loss development, and to be alert to contentious and/ or legal issues
- Provide monthly and quarterly reporting to claims management including working with actuarial and finance teams
- Ensure that all claims information is recorded accurately and in a timely manner into the Company's SAP-FSRI system providing a clear audit trail with strict adherence to SOX compliance when posting reserves and authorizing claim payments
- Ability to assist claims management with internal and external claims business reviews

Minimum Qualifications, Skills & Experience:

- University degree and relevant professional qualification
- Minimum of five years technical claim experience handling US and International reinsurance/insurance claims, including property catastrophe, casualty, property per risk, political risk, workers compensation and surety claims for both excess of loss and quota share business.
- Excellent analytical and communication skills
- Ability to think critically, work on own initiative, generate and analyze reports and implement solutions
- Self-starter with a strong work ethic and excellent interpersonal skills and strong organizational skills
- Ability to meet tight deadlines in a demanding work environment whilst maintaining a high level of accuracy on a diversified reinsurance portfolio
- Previous claims audit experience would be an asset
- Knowledge of SAP-FSRI advantageous
