

Veterinary Nurse/Technician

Ettrick Animal Hospital requires a full time veterinary nurse/technician with at least a two year qualification from a recognised institution as well as a minimum of two years experience post qualification. The successful candidate will be required to assist with nurse consultations, radiography, surgery, laboratory work and ward care of our inpatients. This position also includes inventory control/ordering, and some coverage of reception. Some weekends/public holidays and emergency hours will be required.

Please apply in writing to:

Dr. Andrew Madeiros
