

Senior Fire Alarm and Security Technician

BESCO, is a leading energy services provider with an employment opportunity for a Senior Fire Alarm and Security Technician

Bermuda Energy Services Company Limited (BESCO) requires a qualified senior fire alarm and security technician to install a wide variety of commercial and industrial fire alarm, suppression and security systems. BESCO is the Bermuda distributor for Honeywell fire and security systems.

The successful candidate will have a minimum of ten years experience in the installation, programming and commissioning of fire alarm and security systems for commercial and industrial applications. Particular experience in large industrial environments is preferred.

The position requires strong written and verbal communication skills. The successful candidate must be a qualified journeyman electrician, and hold a NICET 2, FASA/BASA or equivalent certificate. A complete understanding of both the National Electric Code and NFPA 72 is required. Staff supervision and training of apprentices is required.

Particular experience with Honeywell, Silent Knight and Edwards addressable fire systems is required. Experience with the installation and commissioning of card access and CCTV security systems is preferred.

Remuneration will be competitive with industry standards and commensurate with qualifications and experience. An attractive health and benefits plan will be provided.

Interested persons should apply in writing enclosing full details of qualifications and experience to:
