

Bermuda Security Group

SENIOR SECURITY SYSTEMS TECHNICIAN

Bermuda Security Group continues to be a leader in the security industry, offering quality security services across the island. An exciting opportunity currently exists for a qualified individual to join our team as a **Senior Security Systems Technician**.

The successful candidate will be expected to:

- Have at least ten (10) years relevant experience with installation, diagnostics, and repair in a security environment which should include computer programming experience with access control systems
- Demonstrate sound knowledge of computer networks, CCTV, addressable systems and related security products
- Possess a recognized certificate in electronics or security-related electronic technology
- Have a hands-on approach in being a team leader, team player with trainer attributes
- Demonstrate proven experience in troubleshooting and repairing large integrated security systems
- Effect change, as required, to operations and systems
- Read and interpret site plans and wiring diagrams to a high standard
- Deal comfortably with clients at all levels
- Attend site meetings, as required
- Be able to think clearly and concisely in stressful circumstances
- Make recommendations on systems and additions to systems

This position requires the successful candidate to be on-call 24hrs and to have a clean driver's licence. Short-listed candidates will be skills tested.

Please apply in writing via fax or email, stating salary expectations, no later than **October 12, 2012** to:
