

Senior Associate - Insurance & Actuarial Advisory Services

Ernst & Young, a global, market leading, professional services firm, with dynamic people in more than 140 countries, is committed to operating with integrity, quality and professionalism in the provision of audit, tax, advisory and transaction advisory services.

We are currently seeking highly motivated applicants for the position of Senior Associate in our Insurance & Actuarial Advisory Services (IAAS) practice in Bermuda. Our IAAS practice focuses on helping clients address risk, financial reporting, capital management, merger and acquisition due diligence and integration, retirement income and actuarial department transformation issues; and provides insurance risk management and claims advisory services. Within IAAS, the Property & Casualty team focuses on loss reserving calculations, product development, rate setting, financial forecasting, valuation, pricing analyses, cash flow testing, customer analytics and analyses of risk arrangements. The successful applicant will support client engagement teams, work with a wide variety of clients to deliver professional services, and assist with business development activities on strategic and global priority accounts.

Responsibilities:

- ▶ Establish relationships with client personnel at appropriate levels
- ▶ Consistently deliver quality client services
- ▶ Monitor progress, manage risk and ensure key stakeholders are kept informed about progress and expected outcomes
- ▶ Stay abreast of current business and industry trends relevant to the client's business
- ▶ Demonstrate in-depth technical capabilities and professional knowledge and an ability to assimilate to new knowledge
- ▶ Remain current on new developments in advisory services capabilities and industry knowledge

To qualify, candidates must have:

- ▶ A degree in Actuarial Science, Mathematics, Statistics, and/or other related major
- ▶ A minimum of 2 years of recent relevant work experience; property/casualty and reserving experience strongly preferred
- ▶ A minimum of 3 actuarial exams passed and active efforts in pursuing Associateship in the Casualty Actuarial Society (CAS) or other internationally recognized professional actuarial association
- ▶ Excellent interpersonal, written, and verbal communication skills
- ▶ Proficiency with software tools such as Microsoft Word, Excel and PowerPoint
- ▶ Integrity within a professional environment
