

Cardoza's Auto Group

An established transportation repair provider since 1946 is looking for a highly motivated collision repair person for its collision repair center.

The following is required:

- Recognized certification or equivalent documented experience in collision repair.
- Must have broad knowledge of M.I.G. welding, metal fabrication, plastic welding, chassis alignment and repair and procedures.
- A minimum of 5 years post apprenticeship experience is required.
- The ability to work overtime and weekends as required.
- Must be willing to mentor and train apprentices.
- All applicants will be required to complete a practical test and obtain a current police check and mandatory drug testing.

Deadline for applicants via email or mail is January 8th, 2013.

cardozasgroup@gmail.com or P.O. Box HM2279, Hamilton HMJX

Cardoza's Auto Group is "A drug free work place."

Applications will be held in strictest confidence.
