

# We're hiring Actuary.

We require an actuary to assist our clients with economic capital modeling, determination of loss reserves and to work on audit support engagements. Experience with property and casualty as well as alternative risk, life insurance, health insurance and pensions would be desirable. Candidates should also possess the following:

- Fellow of either the Casualty Actuarial Society or equivalent
- Significant experience with respect to the Bermuda Monetary Authority's regulatory regime for Solvency II equivalence
- Experience with large account pricing and/or reserving
- Experience with Insurance Company Risk Management
- Experience with dynamic financial analysis including economic capital modeling
- Strong client communication skills, both written and oral
- Ability to successfully communicate actuarial concepts to non-actuaries
- Prior consulting experience desirable
- Self-motivated with strong marketing skills

Applications should be sent in writing, marked "Private & Confidential", by January 30, 2013 to:

**Talent**  
**Deloitte & Touche Ltd.**  
**P.O. Box HM 1556**  
**Hamilton HM FX**
