

# **Towers Watson (Bermuda) Ltd**

Towers Watson has been Bermuda's premier actuarial consultancy for over 30 years and has played a crucial role in the development of the insurance industry in Bermuda. Towers Watson is seeking applications for the following position.

## **Senior Actuarial Analyst**

*Required qualifications and experience are as follows:*

- Associate of the Casualty Actuarial Society or equivalent professional qualification
- A minimum of 4 years of industry experience, including experience in actuarial consulting
- Knowledge of and experience with insurance and reinsurance issues, including loss reserving, pricing, and risk management
- Risk management experience to include thorough understanding of international solvency regulations and proficiency in DFA modeling software, preferably Igloo
- Experience of working with Bermuda, US, and London market (re)insurers
- Able to communicate effectively with clients including senior executives
- Proven ability to mentor professional staff and manage projects remotely

The successful applicant in order to carry out their day to day duties will be technically proficient, have experience with spreadsheet, reserving and capital modeling software, be able to grasp and communicate complex actuarial concepts, hardworking and willing to put in extra hours to meet deadlines.

Interested qualified person should forward an application to:
