

Surface Trends Ltd.

is seeking the following:

Marble & Tile Specialist

Key to this role is installing all aspects of Marble & Tile, both in slab and tile format including layout, mud work (dry pack), cutting, grinding, epoxy setting and grouting.

The successful individual must have experience/knowledge in installing marble and ceramic tile (various sizes) of the highest standards using the above noted formats, be motivated, reliable and work on his or her own initiative. In addition, the individual must be punctual, willing to train and get along with other individuals. If you are able to work extended hours, including weekends to meet deadlines.

Due to our security requirements, all candidates will undergo background checks (both employment and criminal).

Please submit a resume no later than February 4, 2013 to: **Admin Officer at No. 17 Serpentine Road, Pembroke HM07 or email: accounts@surface-trends.com**
