

SENIOR RISK ANALYST

Athene Holding Ltd., a leading company offering insurance and reinsurance on fixed-rate annuity contracts, seeks a Senior Risk Analyst. This position will report to the Director of Financial Planning and Analysis.

The position will focus on SOX, internal audit and operational risk in addition to having a key role developing policies and procedures to establish a proper control environment for a rapidly growing company.

Key Job Accountabilities

- Responsible for operational risk as well as internal implementation of SOX to ensure a proper control environment.
- Coordinates SEC reporting and XBRL tagging as well as related system implementations.
- Coordinates activities with other departments and work groups as needed.
- Performs related duties as directed.

Key Job Requirements

- An internationally recognized professional accounting qualification (eg. CPA, CA, CMA, etc), with a minimum of 5 – 7 years post qualification experience and a record of progressive management responsibility during the qualified period.
- Current knowledge of Fixed Annuities including Equity Indexed Reinsurance businesses, regulatory and legislative developments and financial reporting functions to ensure application to areas of responsibility.
- Substantial experience with Sarbanes Oxley and/or internal audit.
- Direct experience with annuity and investment insurance products (MYGAs, EIAs) would be beneficial.
- Extensive knowledge of generally accepted standard accounting principles (US STAT. GAAP, IFRS), established procedures and regulatory requirements applicable to the work.
- Proficient in MS Word and Excel.
- Self directed with excellent organizational, analytical and problem solving skills.
- May be required to work weekends and holidays.
- Ability to establish and maintain effective working relationships with other employees.

Interested applicants should email their resumes, including cover letter, to Eric Haller (ehaller@athenelifere.bm)

Closing Date: February 14, 2013
