

Our client, **WEST END YACHTS LTD.** is seeking the following:-

BOAT YARD MANAGER: Successful applicant will have at least ten years' experience in the marine industry, five of which would be in a supervisory capacity, ideally. Must have served a recognised apprenticeship in boatbuilding, have high quality estimating acumen, and modern yacht repair knowledge. Will have positive staff leadership skills as well as solid organisational, computer and accounting skills. Will maintain and coordinate incoming work, arrange and haul yachts, liaise with customers and vendors, issue invoices and control receivables. This position requires an individual who is detail oriented, self motivated and willing to work long hours and weekends, as required.

MARINE ENGINEER: Must have at least 3 years' experience as a Marine Mechanic and be skilled in the repair and maintenance of petrol and diesel engines of all types and configurations, both inboard and outboard. Must be experienced in remanufacture and installation of engines, and the use of tools specific to this task. Must have solid background in Marine Engineering, and basic electrical skills. Must be a self motivated, energetic individual who is willing to work long hours and weekends, as required.

Send recent CV and at least two written employment references to:
