

BCS Agencies Limited (BCS) provides Information Technology and Business solutions to private and public sector clients in Bermuda. BCS is the exclusive agent in Bermuda for IBM.

To satisfy the demand created by our evolving customer base, we are looking for the following experienced professional to join our team.

Associate Project Manager

This position requires the ability to plan and manage IT and Business projects as a part of the BCS Professional Services delivery team.

Responsibilities of the **Associate Project Manager** include the following:

- Assisting in the development and support of business requirements and test management deliverables
- Planning, use case development, creation and implementation
- Defect Tracking, Management and Reporting
- Establishing the Project Management Control Offices
- Assisting in the development and support of Project Management deliverables
- Change Control Processes and Procedures
- Issues and Actions Management
- Risk Management
- Financial Management and Reporting
- Communications Planning and Reporting
- Deliverables Management
- Programme Status Reporting

Additional responsibilities will include proposal management and sales team support as the interface between the IBM Global Services organization and our local Client Team.

The successful candidate will possess a relevant college or university degree as well as at least five years of IT industry experience. In addition, the candidate will have at least four years of test management experience in the Retail Banking Industry and experience using IBM Rational Test Suite and Mercury Quality Center test tools. The candidate should have formal Project Management training. Proficiency in the use of IBM's application development, systems integration and test methodologies is an asset.

*BCS is an equal opportunity employer and provides a comprehensive benefits package **including ongoing education at IBM training centers throughout North America.***
