

## Senior Vice President, Management Liability

Aspen Bermuda Limited is a class 4 insurance company operating in Bermuda. We write a significant book of property treaty reinsurance and a growing amount of casualty and management liability insurance. We have a reputation for progressive management and a flexible, client orientated approach, underpinned by global underwriting expertise.

We invite applications for the position of Senior Vice President, Management Liability. The successful candidate will be responsible for managing and continuing the building out of our Management Liability unit in our Bermuda Office.

### **This role carries with it the following core responsibilities and duties:**

- Responsibility for marketing and underwriting Aspen's Management Liability coverages including Excess Directors and Officers Liability, Side 'A' D&O, Financial Institutions and Employment Practices Liability
- Planning, managing and executing the Management Liability strategic budget planning efforts
- Maintain a thorough working knowledge of the insurance industry, clients, prospects, markets and economic trends that may influence the business segment
- Review, price, negotiate, accept or decline risk on behalf of the Company
- Develop relationships with clients and brokers to market Aspen's capabilities by attending market meetings and industry functions, including overseas travel where necessary
- Research, develop and design programs, products and coverages which support a competitive position and achieve corporate ROE targets
- Review applications for insurance coverage, reports from loss control consultants and other information to determine if application is acceptable for the program(s) available and consistent with the risk tolerance and quality objectives of the corporation
- Ensure all business is thoroughly evaluated by peer review and that risks written adhere to the Company's underwriting standards and individual authority limits
- Organize and manage the resources and workload of the department to maximize efficiencies and achieve business segment production goals
- Identify developmental needs of the underwriting staff. In conjunction with HR, provide support, training and coaching to maximize individual underwriters potential
- Provide assistance and work in partnership with senior leadership team for the oversight and monitoring of regulatory compliance and maintain a satisfactory working relationship with regulators
- Review and consider with underwriters the interpretation of policy wordings

### **The successful candidate is expected to have the following qualifications, skills and experience:**

- University Graduate preferred
- At least ten or more years of Management Liability experience
- Proven quantitative and analytical skills
- Proven negotiating, numerical reasoning, report writing, and analytical skills
- Well-developed business and communication skills
- Advanced Excel skills
- Commitment to working extended hours when required

This is an excellent opportunity to join the well established Bermuda office of a successful insurance and reinsurance company.

To apply, please send a covering letter and résumé marked private and confidential to the:
