is an Equal Opportunity Employer*

VICE PRESIDENT & ACTUARY

The successful candidate will be expected to provide actuarial pricing support to various underwriting departments. The position is located in Allied World's Bermuda office.

Responsibilities Include:

- Provide actuarial pricing support to various underwriting departments
- Support all lines of insurance written from Bermuda, Europe and Asia. Lines of business include large account property, general casualty, directors and officers, errors and omissions, and medical malpractice insurance; also includes some Reinsurance
- Provide pricing indications for individual large accounts
- Research and update various pricing parameters used within our pricing models such as increased limits factors, loss trend factors, underlying loss costs per unit of exposure, etc.
- Work closely with underwriters to assure proper use of the pricing models and to improve the usability and accuracy of the pricing models
- Assist with managing actuarial staff
- Any other duties as assigned by manager

Education, Skills and Experience:

The successful applicant will preferably have the following:

- 10 or more years of experience as an actuary, preferably in commercial property and casualty insurance and/or reinsurance
- Fellow of the Casualty Actuarial Society or of another well-established actuarial organization (i.e. Institute and Faculty of Actuaries)
- Bachelor's degree in math, statistics or related field
- Strong SAS skills
- Strong analytical and communication skills
- Ability to problem solve with incomplete information
- Strong ethics and integrity
- Ability to learn quickly and to make sound decisions in a timely manner
- Highly skilled at dealing with concepts and complexities comfortably
- Strong knowledge of statistics
- Strong working knowledge of Microsoft Office Suite: Word, Excel, Access, and Visual Basic for Applications
