

Settling on a career
doesn't have to mean settling down.

In the Catlin Graduate Programme, you'll explore multiple roles and in a variety of categories before choosing your path. Straight away, you'll receive extensive on-the-job training from a leading global specialty insurer of high-value items. Taking on meaningful responsibility in a variety of business areas — from oil rigs to aeroplanes. Catlin will also help you attain the professional qualifications you need to move your career forward, faster.
