Application Development Consultant

Looking for viable career opportunity? CCS has THE ANSWER. We are seeking an experienced consultant to join our application development team.

The Application Development Consultant will be responsible for the representation of all software and services that CCS provides through its Application Development Division. The candidate will act primarily as developer with additional responsibility for presales support, solution design and scoping as well as project management. The candidate will be required to work closely with vendor and other CCS resources in order to deliver customer solutions.

Key Responsibilities:

- Assist in development of Go-To-Market strategy for CCS's Application Development Group
- Assist in proposal development and account planning
- Work closely with on and off-island development resources for solution delivery
- Have a working understanding of all CCS offerings in order to properly discuss solutions with technically educated clients
- Work with CCS technical staff and suppliers to produce accurate estimates and project scopes
- Deliver enterprise software solutions to CCS client base
- Obtain and maintain technical certifications in the key technologies that CCS professional services sells and supports (i.e. Microsoft SharePoint and .NET)

Minimum Qualifications, Skills & Experience:

- University degree or equivalent work experience
- Minimum of 8 years software development experience with at least 5 years in a senior developer/architecture role
- Solid knowledge of Microsoft technology including SharePoint 2007/2010, development and deployment, and .NET solutions
- Demonstrable SQLServer 2000/2005/2008/2012 database experience
- Experience in the utilization of SharePoint as an Enterprise Document Management platform and usage of third party add-ons and enhancements
- Proven ability in building cost effective customer technology solutions to improve productivity and solve business problems, on time and on budget
- Project Management experience and training (PMI, Prince2 etc.) or proven ability to manage large software development projects
- Excellent communication and presentation skills

Interested? Please email jobs@expertise.bm.

All enquiries will be dealt with in strict confidence.

Closing date: April 26, 2013
