

SYSTEM ADMINISTRATOR AND DEVELOPER

COMPANY DETAILS:

Orbis is a Bermuda-based investment company managing long-only equity and absolute return funds. Orbis strives to attract talented individuals who have demonstrated an ability to excel.

ROLE & RESPONSIBILITIES:

As a member of our expanding IT team, the System Administrator and Developer will be responsible for developing Orbis' in-house built software systems for Client Transactions in both Windows and Web environments. The successful candidate will need to be confident in utilizing cutting edge technologies to design and implement robust, scalable and secure web-based systems.

KEY STRENGTHS:

Accurate, with a keen attention to detail; Ability to quickly investigate, abstract and understand complex systems, including a thorough understanding of object oriented and web programming languages, including C#, Java and Javascript; Positive attitude, combined with an honest and trustworthy manner; Extremely self-motivated with demonstrated good judgment and methodical approach to problem solving; Excellent communication and organizational skills.

TECHNICAL QUALIFICATIONS:

The successful candidate will possess an excellent academic record and, at a minimum, a Bachelor's Degree from a reputable university in IT or a numerate discipline. A Master's Degree is considered a definite advantage. In addition candidates must possess a minimum of 5 years of professional level software development skills, including the following areas: SQL Server, .NET or object oriented programming, and Web development (ie. ASP.NET MVC). Demonstrable software development experience and expertise in the financial services industry is a requirement.

SUBMISSION DETAILS:

Applications will be dealt with in strict confidence and interested candidates should apply in writing or via email with a detailed résumé to:
