Our Client Nephila Capital Ltd, A Bermuda-based hedge fund manager invites applications for the following position:

### Operations Systems Specialist

The successful candidate will be a Microsoft Dynamics Specialist with senior accounting experience and will assist the finance and operations teams with ongoing monthly and quarterly financial reporting for group companies and hedge funds.

#### Key Responsibilities:

- Manage and execute additional Microsoft Dynamics GP add-ons and installations
- Assist in the development of business requirements and the ability to provide these software solutions to meet those requirements
- Work closely with the operations team to identify, analyze, and translate requirements into specifications
- Capacity to identify Microsoft Dynamics GP suggestions that will complement the overall business objectives
- Participate in the monthly accounting process for group companies and funds
- Work as part of the finance team
- Installation and management of Management Reporter
- Provide assistance, guidance and support of Microsoft Dynamics GP to other sister group of companies
- Train operations team members to improve their capabilities in using Microsoft Dynamics GP

#### Required Skills / Experience:

- Minimum 5 years hands on experience with Dynamics GP
- Required Microsoft Dynamics GP Financial certification 10.0 or 2010
- Senior accounting related experience
- Configuration and Integration Manager
- Minimum 5 Years of accounting & financial systems experience
- Bachelors degree in a related discipline or a professional accounting designation an asset
- Demonstrated experience with SQL 2008
- Demonstrated ability to plan, manage and execute the implementation of Microsoft Dynamics and knowledge of the full software implementation lifecycle
- Experience with system conversion/migration, company consolidation and FRx reporting
- Thorough knowledge of Installing, configuring, supporting, and documenting technology installations for Microsoft Dynamics and FRx.
- Strong analytical skills to develop and interpret system solutions
- Must be an excellent problem solver with the ability to work with little or no supervision
- Strong written and verbal communication skills
- Ability to work in a multifunctional team environment
- Excellent interpersonal & time management skills

Due to the nature of the company's business, the working of overtime at certain times including public holidays and weekends will be required. Vacation time will also be limited during the company's key reporting periods.
