

Black & McDonald

Mechanical Estimator / Coordinator

Established in 1921, Black & McDonald is a family-owned multi-trade contractor providing electrical, mechanical, utility and maintenance services to government, industrial, commercial and institutional markets. Currently, the success of our business extends across Canada, the United States, and overseas, with over 4,000 employees.

Black & McDonald Bermuda Limited is seeking an experienced mechanical estimator / coordinator to join our construction team involved in the construction of the King Edward VII Memorial Hospital in Bermuda. Duties will include estimating and coordinating mechanical processes between other construction team members and disciplines, client liaison and site work as required. The successful candidate will have a holistic understanding of multi discipline sustainable design issues.

The successful candidate must possess the following qualifications, knowledge and experience:

- Experience estimating and coordinating medical grade piping systems such as: medical gases, siphonic rainwater collection, water filtration systems, hydronics, low temperature hot water, steam systems, plumbing and drainage, large bore Victaulic installations, and pneumatic tube installations
- Excellent technical understanding of mechanical systems such as large boilers (hot water and steam), HVAC units, chillers, plate exchangers
- Experience drafting and administering supplier agreements / purchase orders
- Familiarity with JD Edwards purchasing software as well as estimating software such as Accubid.
- Excellent project coordination, interpersonal, supervisory and time management skills
- Strong working knowledge of local and international safety regulations

Black & McDonald Bermuda Limited is committed to ensuring a safe working environment and believes safety is everyone's responsibility. The successful applicant must be able to demonstrate technical competence and a commitment to working and promoting a safe environment for their team and adhering to company policies.

Interested applicants should apply in writing to:
