

Our people are our competitive advantage.

At Butterfield, we pride ourselves on being approachable, disciplined and proactive. If you embody these qualities and have the necessary experience, you may be the one we're looking for.

Credit Manager

Credit Risk Management Department

This position reports to the Vice President, Group Head Analytics & Reporting and is responsible for, researching and assessing risk, performing stress tests, developing systematic approaches to loan portfolio analysis, and communicating findings to Credit Risk managers.

Your responsibilities will include:

- developing and applying methodologies for risk assessment and stress testing of the Group's loan portfolios
- developing and applying methodologies for the risk weightings and recording of Bank assets under Basel II guidelines
- developing and maintaining a complete understanding of the suite of reports on the Group's credit and collection activities worldwide
- developing, applying and maintaining guidelines for the monitoring of interbank credit limits
- designing approaches to loan portfolio analysis using internal and external data sources
- researching and recommending ways of delivering automated data analysis
- developing accurate data processes to ensure Group loans and other credit exposures are properly monitored, measured and controlled within banking principles

Your experience may include:

- Bachelor's Degree in Business or related discipline with three to five years of relevant banking experience
- Chartered Financial Analyst designation would be an asset
- working knowledge of banking and reporting systems and the impact of technology changes on portfolio reporting would be an asset
- strong knowledge of Basel II framework with proven experience
- experience with credit stress scenarios and stress modelling techniques
- advanced financial modelling techniques with capacity to capture and analyse, effectively and efficiently
- strong analytical and financial modelling skills using spreadsheets
- excellent communication (oral and written), interpersonal, organisation, analytical, problem solving and team skills
- expert knowledge in Microsoft Office suite of applications, specifically Word, Excel, and PowerPoint
- ability to work outside of office hours when required to meet deadline
