## Fire Protection Working Foreperson

Mirenda International Inc. Ltd. is a local fire protection firm seeking a qualified Fire Protection Working Foreperson.

The successful candidate will be responsible for managing small teams of fire protection installers and the installation, retro-fit and maintenance of life safety fire protection systems, including diesel fire pumps and special hazard systems.

### Key Responsibilities:

- Commissioning both standard and special hazard fire protection systems, as well as fire pumps
- Scheduling and supervising daily and weekly work tasks
- Leading meetings with crew members
- Participating in weekly job site safety and coordinating meetings with other trades people

### Minimum Qualifications, Skills & Experience:

- Applicants must have a minimum of 4 years experience as a Senior Sprinkler Fitter and 3 years as a fire protection foreperson with a proven track record for delivering high quality installations efficiently
- Strong project management skills to ensure completion to deadline; managing aggregated and individual project inventory; and escalating issues as appropriate
- Demonstrated ability and willingness to train and mentor designates is also required
- Must be capable of standard construction labor as work requires some physical strength and dexterity, often involves heights
- A minimum education level of Grade 12 and possess competencies in: trade-related math; drafting and blueprint reading; safety; tools of the trade; welding; rigging and scaffolding. Licensed Fire Protection Installer and/or formal training such as N.I.C.E.T. preferred
