Working Foreperson

Our client, SJ Construction, is currently seeking to fill the role of Working Foreperson. This person will be ultimately responsible for ensuring that construction projects are completed on time and to the required specifications, and that all work is done to the highest quality.

Additional responsibilities will include supervising on-going construction projects and management of masons, junior mechanic, labourers and other employees, as well as performing all aspects of masonry and form carpentry. This individual will be required to work with sub-contractors, order supplies and maintain safety site standard, read building plans, manage and coordinate staff and provide on the job training for junior mechanics and skilled labourers, amongst other duties as they arise.

Minimum required qualifications, skills and experience:

- Minimum of 7 years' experience in residential and commercial construction
- Proven ability to successfully supervise multi-million dollar jobs
- Track record of excellent masonry work
- Valid driver's license and own transportation
- Excellent time management and reliability
- Willingness and ability to work overtime when required

Applicants will be required to provide at least two (2) written references to demonstrate the above requirements. All employees at SJ are subject to random drug testing to ensure a safe and productive work environment.

Interested? Please email jobs@expertise.bm.

All enquires will be dealt with in strict confidence.

Closing date: July 15, 2013
