

Happy 4th
EARTH DAY

Jamie SR
JULY 29

4? is the perfect age to
do anything you want to do.
You're mature in your wisdom,
your spirit is aged & bold.
Your humor is your shield of fire,
& your heart is solid gold.
At last you have turned 4?,
A milestone that is true.
It's time to celebrate the day,
and raise a glass or two.
Enjoy this memorable day,
because today is all about you!

Love always
Your wife & Children
