Senior Service Technician

Our client Telecom Bermuda, the Island's leading wireless telecommunications company, invites applications for the position of Senior Service Technician. Reporting to the Service Manager the successful candidate will work within the operations team to support the Company's extensive infrastructure and customer owned systems including two-way radio, paging, carrier grade wireless data and GPS systems. The applicant must be a self-motivated and energetic team player with good communication skills and be willing to work on-call, on a rotational basis.

Minimum Qualifications, Skills & Experience:

- Electronics diploma or undergraduate degree from a recognized institution
- Minimum 5 years electronics experience within the electronics/telecommunications industry
- Minimum 2 years of GPS technology experience
- Minimum 2 years experience with Motorola two-way radio systems
- Minimum 2 years experience with circuit board troubleshooting and repair to component level
- Knowledge of 110/220V electrical systems is preferred
- Proficient in Microsoft Office and Excel, and Windows XP
- Strong analytical skills with a high degree of computer literacy

Interested? Please email jobs@expertise.bm.

All enquires will be dealt with in strict confidence.

Closing date: August 14, 2013
