At Butterfield, we pride ourselves on being approachable, disciplined and proactive. If you embody these qualities and have the necessary experience, you may be the one we're looking for.

Asset Liability Management Analyst

Group Market Risk Department

This position reports to the AVP, Group Market Risk Manager and is responsible for maintaining and continuously improving the Bank's Asset Liability Management ("ALM") financial model. Additional responsibilities include assisting in the management of Group Market Risk technology projects, data quality validation, providing subject matter expertise for the division and regular periodic reporting on interest rate, liquidity and foreign exchange risks.

Your responsibilities will include:

- assisting with periodic end-to-end balance sheet modelling
- analysing data, systems and situations to produce recommendations for the continuous development of the Bank's ALM capabilities
- interpreting, analysing and coordinating data feeds from numerous and disparate systems
- assisting with the design and maintenance of a real-time investment monitoring solution
- contributing to on going ALM model data quality improvement, analysis and reconciliation
- assisting in the documentation and delivery of business case presentations and risk reports
- assisting in the preparation of periodic liquidity, foreign exchange and interest rate risk and scenario analysis reports
- developing, preparing and distributing financial model and reports to Group ALCO and other committees as needed
- assisting with the automation of liquidity, interest rate risk, foreign exchange risk and investment oversight reportin

Your experience may include:

- University degree in Accounting, Finance or IT with three years experience in financial services/banking
- good knowledge of financial markets and instruments
- well-developed mathematical skills and comfortable with complex data and financial models
- database management, SQL, SSIS and C#/ VBA hands-on development experience a definite advantage
- strong initiative and ability to manage multiple projects
- must have excellent interpersonal and communication skills
- proficiency in Microsoft Office suite of applications, particularly Excel
