Specialist Electrical Fitter

Bermuda Electric Light Company Limited (BELCO) invites applications from suitably qualified and experienced individuals for the position Specialist Electrical Fitter. The Specialist Electrical Fitter is mainly responsible for erecting and maintaining switchgear and other substation equipment including switchgear up to 34.5kV. Carries out and performs installation, commissioning, testing and repair work on any item of transmission and distribution equipment as well as preventive maintenance, periodic inspections and troubleshooting (fault location).

Key Job Responsibilities:

- Responsibilities include installation, testing and commissioning of switchgear and other transmission and distribution equipment
- Leading and guiding a team
- Maintaining accurate records of all assigned tasks
- Guiding on-the-job training to those of lower grade including apprentice training

Key Job Requirements:

- High School Leaving Certificate or equivalent
- Technical Qualification such as BTEC, NVQ Level 3, City and Guilds (Part II), ONC or the equivalent in an appropriate discipline
- Working knowledge of Microsoft Office (Word, Excel, PowerPoint) and other computer applications relevant to the job
- Strong analytical and problem-solving skills
- Ability to make technical decisions in order to rectify problems
- Competent in reading and interpreting technical drawings and manuals from more than one country and standard

If your experience matches this role please forward your cover letter and resume to:
