

## **Financial Controller(s) - Reinsurance Division**

Enstar Limited is a wholly-owned subsidiary of Enstar Group Limited, a NASDAQ-listed company which acquires and manages insurance and reinsurance companies and portfolios in run-off.

Enstar is seeking a qualified financial professional to act as a Financial Controller for a number of their Reinsurance clients and portfolio companies. This position will appeal to a well-organized and experienced candidate. The individual will be expected to work on their own initiative and will be required to manage projects for several of our larger clients together with internal financial reporting to senior management.

The successful candidate must, as a minimum, possess the following:

- CA, CPA, CMA, CGA or ACCA
- Proven track record of superior client servicing and management
- Solid understanding of reinsurance accounting, run-off management, claims and underwriting
- Current knowledge and strong practical experience of US GAAP and SEC reporting relating to insurance and reinsurance companies
- Detailed knowledge of Enterprise Risk Management
- Solid understanding and strong practical experience of Sarbanes Oxley requirements
- Excellent analytical and accounting skills together with advanced PC spreadsheet skills
- The ability to communicate in an effective and professional manner with both existing and potential clients

The position will require meeting strict deadlines and the successful candidate will be required to work additional hours including weekends and public holidays when necessary.

Please apply in writing, enclosing a detailed resume, by November 18, 2013 to:
