The company's success is underpinned by its focus on state-of-the-art technology, analytical insight and strong, experienced management. Endurance invites applications for the position of:

Senior Vice President – Head of Americas Catastrophe Reinsurance

The successful candidate will have experience in underwriting, pricing, modeling, marketing and managing of both excess of loss and pro-rata reinsurance treaties, with a particular emphasis on US, Caribbean, Canada and Latin America property catastrophe business. This position will involve transaction work with Endurance's Americas Catastrophe team in Bermuda. The successful candidate will also be responsible for assisting in the further development of Endurance's reputation as a first tier, world class catastrophe market in the Americas.

Duties and responsibilities include:

- Lead the Americas catastrophe team of underwriters, risk analysts and technical assistants
- Develop Americas cat portfolio by maximizing profitability and risk-adjusted return on capital
- Continue to enhance Endurance's reputation as a first tier, world class catastrophe market
Manage existing relationships with clients and brokers while also developing new business opportunities
- Actively develop underwriting strategies and products that capitalize on these relationships and opportunities
- Routinely perform market analyses to identify market inefficiencies and opportunities
- Coordination of underwriting and modeling process while evaluating and prioritizing submissions
- Pricing including interaction with management, underwriters, risk analysts and actuaries
- Active involvement and management of retrocessional purchases for Americas catastrophe portfolio
- Foster growth and development of individuals in the team

Required Skills/Qualifications:

- Bachelor's degree in Economics and Master's degree in Business Administration.
- Minimum of 10 years of US catastrophe and property per risk treaty underwriting experience.
- Must possess significant overseas underwriting experience.
- Completion of an industry designation, such as the Associate in Reinsurance.
- Strong working knowledge of Property Catastrophe, Property Per Risk and Alternative Risk Transfer reinsurance structures.
- Demonstrable relationships with significant reinsurance intermediaries and clients.
- Thorough familiarity with all major property catastrophe modeling tools and completion of RMS Catastrophe Analysis Training program.
- Proven ability to work within a team including experience leading global projects and initiatives.
- Strong communication skills and proficiency in Microsoft Office products.
- Willingness to travel extensively and flexibility with respect to work schedule including weekends and additional hours.

Applications will be dealt with in strict confidence and interested candidates can apply in writing or via email to:
