## System Coordinator

Bermuda Electric Light Company Limited (BELCO) invites applications from suitably qualified and experienced individuals for the position System Coordinator. This position is responsible for the safe and stable operation of the electric system. The System Coordinator maintains the stable operation of the generation station through to the distribution substations. This includes directing switching operations of the electric system through the field personnel.

### Key Job Responsibilities:

- Confers with the operation personnel of any interconnected generation information needed to maintain good interconnected procedures
- Monitors system conditions, watching for abnormalities or any conditions that could affect reliability
- Directs and coordinate implementation of load shedding and system restoration procedures
- Coordinate emergency operations, direct restoration efforts including reconfiguration and generation re-dispatch
- Investigates and implements new or enhanced process flows and/or technology that would increase productivity

### Key Job Requirements:

- College or University degree in Electrical Engineering or equivalent work experience
- Must have or be working toward professional registration as an Incorporated Engineer or NERC System Operator Certified
- A minimum of five (5) years post qualification progressive experience in the utility industry
- One – three (1-3) years supervisory or management experience, operations or related utility fields preferred
- Working knowledge of power substation equipment and power system electrical fundamentals
- Expert knowledge of established operational practices and procedures for utility transmission and distribution systems, with emphasis on dispatching and outage management
- Knowledge of procedures and methods used in energy control operation centers
- Knowledge of NERC reliability standards
- Excellent written and verbal communication skills, with ability to communicate at all levels
- Strong analytical and problem solving skills

If your experience matches this role please forward your cover letter and resume to:
