

FIRST CLASS ELECTRICS LTD.

Requires

QUALIFIED ELECTRICAL FOREMEN

First Class Electrics Ltd. requires fully qualified Electrical Foremen. The applicants must have at least seven years experience in residential and commercial installation as well as experience in running multistory, multi-dwelling units with little supervision. Must have experience in supervising other workmen. Applicants must be able to meet tight deadlines, work anywhere on the island, read both commercial and residential drawings, have experience in bending EMT conduit, know how to successfully punch down telephone and cable lines, understand installation of CCTV, have experience with explosion proof fittings and installation of generators. Experience with solar installation would be considered an asset. Must work with minimal supervision, be very reliable and have own transportation with a valid driving license. The position requires working long hours, including weekends. Applicants must have good knowledge of National Electrical Code.

Must be registered with the NTB and provide a police report with application.

First Class Electrics Ltd. promotes a “Drug Free” workplace.

Please respond with your Resume, copies of registration of the NTB and two work references to:
