

**GULF STREAM
CONSTRUCTION LTD**

GENERAL CONTRACTOR

Requires a SITE FOREPERSON

The successful applicant is required to be a proficient, hands on Masonry tradesman. Responsibilities will include coordination of all direct trades and sub-contractors. Must have the ability to quantify and order materials, and schedule equipment as required.

Applicants should have experience with construction schedule software and be proficient in surveying and setting out all aspects of a project. Excellent communication and writing skills are necessary, as the candidate will be expected to liaise with architects, local building inspectors, clients and engineers.

The successful candidate will be expected to work on his/her own initiative and must have 5 years experience in residential and commercial construction in a similar position.

Applicants are encouraged to apply in writing only with a detailed resume and three (3) work references in relation to the advertised position to:
