

This position calls for a **psychologist** in general mental health/behavioural sciences with at least five year's experience addressing a full range of emotional, behavioural, and substance use disorders. The postholder should be a generalist but have a broad experience with adults, including couples' and family therapy, children, and adolescents, grief work, and exhibit skills in psychological/risk assessment and coaching, as coaching and organizational assessment are two significant capabilities required for working in this EAP environment with our client companies.

This advertisement is posted to ascertain if there are any interested and qualified Bermudians wanting to apply for this position that otherwise will be a contract renewal for the current postholder. Any applicant would need to be registered (or qualified for registration) with the Bermuda Psychologists Registration Council.

**To apply:**

*We have a busy, growing professional practice addressing the needs of our client companies, their staffs, and families. Resumés will be received until **August 8th, 2014** and should be sent via email to: [vmosher@ibl.bm](mailto:vmosher@ibl.bm) or be mailed to:*

**Benedict Associates,  
PO Box HM 2200, HMJX, Bermuda. 295-2070**
